

Making Fibreglass Spray Systems since 1959 - World leading Innovations in Composite Spray

**CARE OF MIXERS - Read Mixer Care Label to Avoid Air Motor Damage!**

**OIL DAILY:** Oil Daily using Glascraft P/N 562-473LX Marvel Mystery Cleaning Oil. This cleans the internal vanes and prevents build-up of rust or dirt which will cause slowing/stalling-out.

**WARNING: AIR MOTOR THINGS TO AVOID**

**NEVER SLAM SHAFT DOWN ONTO FLOOR:**

NEVER slam shaft down on floor this will damage Air Motor internally - requiring Air Motor Replacement.

**NEVER SPLIT AIR MOTOR TO REPAIR:**

NEVER attempt to disassemble the Air Motor as it is impossible to rebuild it correctly. This is a Factory Assembled item. Tolerances are too tight to attempt your own repair. The Motor will never run correctly after a rebuild.
